Genius Tuition Classes

ADMINISTRATOR MANUAL & CLOUD DATABASE ARCHITECTURE

Institute: Genius Tuition Classes

Lead Mentor: AKRAM SIR (+91 91756 91457)

Center: Koradi, Nagpur, Maharashtra

Status: Production Live with Cloud DB

1. Cloud PostgreSQL Database Hosting Breakdown

The PostgreSQL database powering Genius Tuition Classes is **100% cloud-hosted** and managed on enterprise infrastructure. It is **not stored locally** on your PC, ensuring 24/7 continuous uptime and persistent data storage even when your laptop is turned off.

Parameter	Cloud Specification
Cloud Provider	**Supabase Cloud Infrastructure**
Underlying Cloud Host	**Amazon Web Services (AWS)**
Datacenter Region	**ap-southeast-2 (Asia Pacific)**
Connection Pool Host	`aws-1-ap-southeast-2.pooler.supabase.com:5432`
Encryption & Security	SSL/TLS Enabled Connection Pooling
Database Engine	PostgreSQL 15+ Enterprise

Active Cloud Database Tables:

• **genius_inquiries:** Captures incoming admission inquiries (student name, parent phone, grade, subjects, batch preference, notes, status, and created timestamp).

• **genius_settings:** Dynamic site configuration: Akram Sir's name, phone, WhatsApp number, Koradi address, visiting hours, announcement text.

• **genius_classes:** Offline batches (Class 5-8th Foundation, 9th Pre-board, 10th Board, 11-12th), limits (max 18), and timings.

• **genius_teachers:** Educator profiles, qualifications, and Akram Sir's mentorship highlights.

• **genius_testimonials:** High-scoring board percentages (96.4%, 94.8%, 98 in Maths) and verified parent feedback.

• **genius_faqs:** Parent FAQs addressing offline policies and small batch advantages.

2. URLs & Administrator Access Credentials

Portal	URL	Credentials
Live Website	**https://genius-tuition-classes.vercel.app**	Public Access
Admin Management Portal	**https://genius-tuition-classes.vercel.app/admin**	**PIN: 2026** Password: akramsir2026
GitHub Source Code	**github.com/harrypeter07/genius-tuition-classes**	Branch: main

3. Step-by-Step Administrator Tutorial

Step 1: Logging in to the Admin Panel

Open https://genius-tuition-classes.vercel.app/admin in any browser (mobile, tablet, or PC). Enter PIN **2026** or password **akramsir2026**, then tap **Unlock Admin Panel**.

Step 2: Managing Student & Parent Inquiries

Under the **Admission Inquiries** tab, all new form leads appear in real time. Each lead displays the student's name, parent's contact number, class/grade, subjects, preferred batch (Morning/Evening), and notes.

- **1-Click Call:** Tap the **Call** button to dial the parent immediately.
- **1-Click WhatsApp:** Tap the **WhatsApp** button to open a pre-drafted chat with the parent from Akram Sir offering a 2-day demo class.
- **Status Tracking:** Switch status between *New*, *Contacted*, *Admitted*, or *Archived* to manage student onboarding.

Step 3: Updating Contact Numbers & Institute Details

Under the **Institute & Contact Info** tab, you can update Akram Sir's phone number, WhatsApp number, visiting hours, or the Koradi address. You can also edit the **Announcement Banner** (e.g., *'Admissions Open for Class 10th New Batch'*). Click **Save Changes to Database** to update the live website instantly.

Step 4: Managing Batches, Faculty & Topper Results

- **Batches Tab:** Review and enforce the strictly capped batch size of 15–18 students.
- **Faculty Tab:** Keep teacher credentials and subject focus updated.
- **Toppers Tab:** Showcase newly announced board percentages (e.g. 96.4%, 98/100 in Maths) to maintain strong reputation in Koradi, Nagpur.

4. Marketing Strategy & Offline Classroom Positioning

Genius Tuition Classes is positioned strictly as an **offline coaching institute**. The website emphasizes zero phone distractions, instant on-the-spot notebook checks, simulated Sunday exam conditions, and direct monthly Parent-Teacher meetings in Koradi, Nagpur.
